

Dear Sir/Madam:

K-LOVE is a tremendous service to my community as well as across the nation with pro-family values and good, clean music.

K-LOVE serves me and my family throughout the Sacramento area.

If K-LOVE were to be displaced by LPFM, that would be a tremendous disservice to families.

Since K-LOVE is a non-profit and provides community service, this is clearly in the public interest vs. some other type of programing that cannot be controled by the FCC.

Thanks for your consideration.
